POLICY AND PROCEDURES ON CONDUCT VIOLATIONS

The standards of safety, integrity, respect, and civility are extremely important to us, and these core values are key components of the TCCA experience. Tzu Chi USA upholds every member's rights to participate in an inclusive community that fosters character and integrity by supporting and challenging students to reflect and act upon their individual conduct and community standards. Members are expected to conduct themselves in a respectful, civil, and honest manner.

Consistent with these principles, Tzu Chi USA maintains policies governing violent and disruptive behavior, endangerment of others (including animals), property theft and damage, sexual harassment, illegal drugs, smoking, and alcohol consumption, as well as other types of organizational policy and legal violations. When conflict occurs within the community, Tzu Chi USA aspires to resolve it in a pedagogical and restorative fashion. Our approach is to guide member behavior for the common good while respecting the rights and responsibilities of all members of our volunteer community.

INVESTIGATION PROCESS:

An investigation hearing is the opportunity to discuss with a full-time staff member the alleged behavior or conduct violation and clarify information. At the conference, you will be provided an opportunity to discuss the incident as well as receive feedback on what sanctions may be assigned as a result of policy violations, including what efforts on your part can restore the harm from the incident.

POSSIBLE OUTCOMES:

Sanctions may result from finding that a member was responsible for misbehavior or conduct violation, consistent with our educational purposes, in order to rebuild trust in our community.

Tzu Chi USA may utilize the following member status sanctions, depending on the severity of the misconduct:

- Warning
- Reprimand
- Probation, which may include denial of specified member privileges and participation restrictions
- Membership suspension
- Permanent expulsion

MEMBER RIGHTS:

When a member is involved in the misconduct process, each member is entitled to the following rights:

- Be notified of the allegations in question
- Have an opportunity to share their perspective on the incident
- Be notified of the findings of the investigation
- Have an accompanying support person during any conference or hearing
